2016 HONG KONG  
MARITIME INDUSTRY WEEK

# HONG KONG 2016 MARITIME INDUSTRY WEEK

20-27/11

## EVENT GUIDE

# *Propel Hong Kong*

To “propel Hong Kong” as a renowned international maritime centre, the first-ever **Hong Kong Maritime Industry Week** (HKMIW 2016) will be held on 20-27 November this year. The objectives are to make Hong Kong a preferred base for operating maritime business, and to foster interest and professionalism in various port and maritime services. During HKMIW 2016, international and local industry luminaries and practitioners will come together for a myriad of diversified and fun-filled activities ranging from industry briefings, seminars and conferences, corporate functions, maritime-themed sports to networking events.

Organised by the Hong Kong Maritime and Port Board, HKMIW 2016 will not only celebrate Hong Kong as an international maritime centre that provides superb maritime and port facilities and services, but also galvanizes practitioners in the maritime cluster to work towards shared goals with pride and energy.

# EVENTS AT A GLANCE

AM

PM

WHOLE DAY

## HKMIW Opening Ceremony

20/11

Held at the Kai Tak Runway Park, the Opening Ceremony gives an energetic launch to the Hong Kong Maritime Industry Week (HKMIW) and the orienteering race that follows.

## HKMIW Orienteering Race 2016

20/11

The race will start and finish at the Kai Tak Runway Park. Members of the public, including families and students, and corporate teams from the maritime trades will try their best to reach as many checkpoints as possible to become grand prize winners.

## Breakfast Briefing - Litigation, Arbitration and Mediation

21/11

**asiamaritime**

A barrister, a solicitor and a professional arbitrator will share their respective forms of dispute resolution through a case study, highlighting key differences between the forms and how each works.

## Terminal Visit and Presentation

21/11

The visit is more than a tour of facilities. The organisers will share updates on the port industry and insights on the key to success in running port and terminal business.

## DNV GL Bulk Carrier Forum

21/11

As a leading International Classification Society to provide maritime services across the world, DNV GL hosts a Bulk Carrier Forum on 21<sup>st</sup> November, 2016. The presentation topics include the Bulk Carrier Market Trends, Bulk Cargo Operation Experience, Fuel Performance Benchmarking, Drone-based Survey and Roadmap Towards Autonomous Ships.

## Lloyd's List Hong Kong Business Briefing

21/11

Moderated by Richard Meade, Managing Editor of Lloyd's List, the briefing will bring together a panel of high-level industry executives to explore how best to respond to the reshaping vagaries of global trade in a timely, expeditious and effective manner.

## Maritime Law Seminar

21/11

In this seminar, Ms Rosita Lau, awards winning maritime lawyer and popular conference speaker, will speak on the latest development of maritime law and controversial court cases that affect players of the maritime industry.

## Asian Logistics and Maritime Conference (ALMC)

22/11

23/11

香港特別行政區政府  
The Government of the Hong Kong  
Special Administrative Region

ALMC will bring together over 2000 logistics and maritime services professionals and users to explore business opportunities. This year, China's Belt and Road Initiative, Cross-border e-commerce and industries trends will be discussed in depth.

## Industry Networking Mixer for Maritime, Supply Chain & Logistics Professionals

22/11

Featuring a guest speaker discussing the past, present and future of Hong Kong's container port, this cocktail reception provides an ideal platform for maritime, supply chain and logistics practitioners to network, share and learn in a convivial environment.

## A Masterclass in Shipping - From Acorn to Oak: Building a Successful Shipping Start-up

23/11

Led by a selected panel of shipping professionals from across the industry, this two-hour interactive workshop will discuss how to start a successful shipping company.

## Institutional or ad hoc, which will pull the water for maritime arbitration in Hong Kong in 2017?

23/11

The seminar will be a debate on recent trends in maritime arbitration and the need to establish a related administrative body in Hong Kong, the world's window to China's market.

## Visit to Navigation Simulation Training Facility

23/11

24/11

The visit to the Government Dockyard will be led by an experienced nautical examiner, bringing the visitors an exciting navigation journey at sea.

## Breakfast Briefing - Feeder Shipping

24/11

**asiamaritime**

Recently, container shipping has suffered from declining freight rates while feeders have thrived. Industry representatives will offer their views on investment, operations and the potential for alternative fuels and autonomous sailing.

## Forum on the 13th Five-Year Plan and Challenges on Hong Kong Port Sector

24/11

In this forum, decision makers and the media will discuss the challenges facing Hong Kong's maritime and port sectors, and share insights on the opportunities offered by the 13th Five-Year Plan.

## Expert Panel: How can the Port of Hong Kong enhance its competitiveness to sustain its position as the preferred global hub in Asia?

24/11

Leading industry leaders will exchange views regarding the struggling economy and how it is intertwined with Hong Kong Port.

## Hong Kong Internet of Things (IoT) Centre Visit - Smart Logistics Zone

24/11

The demand for maritime transport has been evolving from a demand for the possession of goods to an integrated demand for the possession of goods that have been value added and supplied timely, reliably and cost-efficiently through supply chain management. This has given rise to the concept of maritime logistics. Smart Logistics Zone under HK IoT Centre will be demonstrating how cutting edge IoT technologies can create business values by enabling supply chain visibly under the maritime logistics and also facilitating e-commerce fulfillment efficiency.

## Hong Kong Ship Owners Association Annual General Meeting and Annual Cocktail

24/11

Annual General Meeting of one of the world's largest shipowner associations, it has always been a well-cherished occasion for a gathering of friends and partners, a meeting of minds, and an exchange of industry development trends.

## Maritime Law Workshop

24/11

This workshop introduces the programme structure, curriculum, student activities and scholarship scheme of the Maritime and Transportation Law Stream of Master of Laws Programme run by the City University of Hong Kong.

## Visit to Hongkong International Terminal (HIT)

24/11

Hong Kong is strategically located on the Far East trade routes. The efficiency of port services has long been a key contributor to our success. The visit will include a briefing on port operations and tour of control tower and yard.

## Seminar on Maritime Business Review

24/11

The seminar will be a review on the latest development of maritime business. A panel of renowned speakers will share their invaluable insights.

## Visit to Hong Kong Shipyard

25/11

Besides a tour of shipyard facilities, participants will also learn vessel maintenance practices of Hong Kong.

## Seminar on Marine Insurance Law

25/11

Professor Rob Merkin of the University of Exeter, a world-renowned authority on insurance and reinsurance law and arbitration law, will give a lecture on the major legal developments in maritime insurance law.

## An Interactive Workshop on Marine Insurance and Average

25/11

The workshop will look at a hypothetical collision between a container vessel and a tanker off the China coast. Issues such as liability, salvage, cargo claims and general average will be examined.

## Annual Ball 2016

25/11

It has been an over-20-year tradition for the organisers to meet annually. In this networking occasion, the organisers, together with Anglo-Eastern Univan Group, a Hong Kong based ship management companies which has become one of the biggest in the world, will offer speeches and insights.

## Technical Seminar in Maritime Engineering

26/11

Three major local maritime engineering and technology bodies come together for a seminar, in which classification societies, ship management companies and Marine Department will share their expertise.

## Seminar: Maritime Fraud - Past and Present

26/11

The seminar will look into how fraud has evolved in and impacted the maritime industry, its victims and insurance coverage. Topics include scuttling, Phantom ships and cargoes, fraudulent shipping documents, cyber fraud and marine insurance fraud.

## Industry Forum on One Belt One Road

26/11

Practitioners from Hong Kong's logistics industry will share winning strategies to grasp the opportunities arising from the Belt and Road Initiative. Tea reception and business matching are also included.

## Pi's Adventure in Victoria Harbour

26/11

In this day tour, secondary school and college students explore around Victoria Harbour for maritime "treasures" of the city and visit the Green Island Light House. Participants will be debriefed at the Hong Kong Maritime Museum at the end of the tour.
